TRAINING IN TRANSGENERATIONAL THERAPY

The Transgenerational Therapy Training program is open to therapists and mental health professionals who are interested in pursuing the:

CERTIFICATE OF PRACTITIONER IN TRANSGENERATIONAL THERAPY (CPTT).

This unique Training introduces the latest scientific developments in Transgenerational studies. Participants will have the opportunity of experiencing and practicing Transgenerational therapy tools and techniques. The Training, held by Manuela Maciel and Leandra Perrotta, will demonstrate the original psychogenealogical approach created by the Founder of the School, Prof. Anne Ancelin Schützenberger.

The initiation of this special school grew out of the need to create a joint international effort to continue the unique psychogenealogical approach to psychotherapy developed by Prof. Anne Ancelin Schützenberger. Following the legacy of her meaningful and important work we realized this growing field required a training process for professionals to achieve a focused understanding and knowledge to be more effective in clinical work dealing with transgenerational trauma and positive legacies and its personal, social and historical consequences.

Family legacies play a direct role in the formation of emotional symptoms and can cause repetitive patterns of behaviour such as the “anniversary syndrome” or “invisible loyalty” which are repeated from one generation to the next. Future generations preserve their loyalty and deal with unfinished business by accommodating to dysfunctional patterns in the family of origin and re-enacting similar life scripts.

Some of the clinical tools and techniques which will be taught during the training comprise the Genosociogram, the Family Atom, the use of Toys, Incognito Auxiliaries, Ancestral Psychodramatic techniques and Transgenerational Dance Movement Therapy.

This workshop is open to Psychologists, Psychodramatists, Social Workers, Psychiatrists, Psychotherapists or anyone interested in personal transgenerational work. If you are interested in joining this workshop or the training please fill up the attached registration form and send it to: psychogenealogy@gmail.com
